Celluma (LLLT) | Buy One Get One Free (Reg. \$125 ea)

Qty:

Celluma is a non-invasive, painless low-level light therapy (LLLT) that provides skin rejuvenation, acne clearance, and enhanced post-procedure recovery benefits. It also helps provide relief from dry eye symptoms by reducing eyelid inflammation and restoring the natural function of the lacrimal glands and meibomian glands.

DRY EYE TREATMENTS - SAVE UP TO \$450

Intense Pulsed Light (IPL) (Series of 4) | \$1,200 (Reg. \$1,600)

This light-based therapy treats the root cause of dry eye by calming inflammation and clearing blocked eyelid glands. It is a great way to find lasting comfort and reduce your dependence on daily eye drops.

IPL + Celluma (LLLT) (Series of 4) | \$1,450 (Reg. \$1,900)

We pair light therapy with low-level light technology to help soothe irritation and support your eyes' natural tear production. This combined treatment is an excellent choice for deeper, more refreshing relief.

VISION CORRECTION - SAVE \$500

LASIK / SMILE / PRK (Both Eyes) | \$4,990 (Reg. \$5,490)

These advanced laser vision correction options are designed to correct your prescription. They may help reduce or completely eliminate your need for glasses and contact lenses so you can enjoy everyday activities with clear sight.

EVO ICL (Both Eyes) | \$7,395 (Reg. \$7,895)

This specialized implantable lens is placed inside the eye to correct nearsightedness and astigmatism. It is a wonderful alternative for patients who want clear vision but may not be candidates for traditional laser procedures or prefer a reversible option.
